

The Vermont Country Store®

ABOUT

The Vermont Country Store sells products you love but can't find anywhere else. We also specialize in something equally rare: being a hardworking, fun, upbeat, all-around great place to work!

We work at a place where just its mention puts a smile on people's faces. To keep our storekeepers smiling, we offer a broad mix of compensation and benefits that support total wellbeing and enable employees to create a working experience that is as unique as our way of life. Benefits like free onsite medical care, financial assistance for dependent care, tuition reimbursement and flexible work arrangements are designed to support employees' lifestyles, no matter their stage in life.

Your health is important to us - we are CDC COVID Compliant.
